CHILDREN LEARNING LANGUAGE

Wonders is pleased to continue our play-based, immersion Spanish program at Capri!

This class is for children in 2nd – 4th graders with any level of Spanish exposure except true bilingualism. (Younger children may be accepted; call for more information.) The class is held entirely in Spanish. Our teachers are native speakers experienced in teaching and engaging children, and assisting them in an immersion setting. Children play age-appropriate games that engage the senses and use diverse activities to engage a wide range of learning styles. Our activities center around daily routines, well-known stories, and familiar games. We make language relevant and engage the imagination! A combination of repetition and new vocabulary each week allow children to strengthen skills and develop new abilities. As part of our mission to making language learning playful, there is no required homework - but we do provide vocabulary and songs for you and your child to use at home. Our classes make learning fun, natural, and easy!
